Sec. VI	On-site waste management status. Instructions page 10.	
A. Storag	ge subject to RCRA permitting requirements	B. Treatment, disposal, or recycling subject to RCRA permitting requirements
		LL.

Comments:

B. 6 & **7** - Historically, the hazardous waste that we have generated has come from off-specification products or obsolete raw materials that we could not rework or return to the vendor. In 1997, we were able to rework all of our off-spec or discontinued raw material. Therefore, we did not have to declare any of the material "waste".
